Dear Mr. Carlisle:

RCRA HAZARDOUS WASTE ANNUAL REPORT - FEED MATERIALS PRODUCTION CENTER (FMPC)

Enclosed is the completed 1985 Facility Annual Hazardous Waste Report as required by Rule 3745-65-75 of Ohio Administrative Code for the FMPC, EPA ID No. OH6890008976. The Generator Annual Hazardous Waste Report is not included as no regulated quantities of hazardous waste were shipped offsite from the FMPC. It should be noted that all these materials are contaminated with uranium and are, therefore, categorized as radioactive mixed wastes. Also enclosed is the Supplementary Annual Report Form for Groundwater Monitoring Information as required by the Ohio Environmental Protection Agency (EPA). The Ohio EPA survey of interest in the Northeast Industrial Waste Exchange is enclosed.

If you have any questions or require additional information, please contact Mike Travaglini of my staff at (615) 576-0848.

Sincerely,

Bobby Joe Davis, Chief
Environmental Protection Branch
Environment, Safety, and Health Division
